

When we are born, we believe in what we see and feel around us, in the world, as our true reality.

However, a lot of what we feel can come from unresolved past lives.

Our soul chooses what it needs to learn in each lifetime, to hopefully come to a greater understanding of love. (We come with our soul group.)

When we eventually come to realise that we must only trust in, and focus on, the Divine Love that we know, and feel, in our hearts, our world will change for good.

And it is, thankfully.

Only love is real!

Only love is real!

Only love is real!

Have you got it?

Note: Throughout this text, 'God' can be changed to 'universal goodness', or whatever feels right for you.

PAST LIFE 1

I was a single woman, in a modest home. I was very knowledgeable about healing, with herbs and everything that was available to me. It was the middle ages. (Medieval.)

I was content, and was appreciated by the people that I helped. It was a good, simple life.

However, some people believed I was a witch, which was a very common fear in those days.

One day I was taken to the lake and dunked into it.

They believed that if I died I was innocent, but if I survived I was a witch!

Ignorance seemed to reign in those days.

IN HEAVEN

When I reached heaven I was very distraught. After doing my absolute best, to be treated this way was very upsetting.

I asked God to give me a simple life that mattered only to me. (I thought this was the answer to a peaceful life.)

Only love is real.*

Nothing that is real can be harmed.

Nothing that is unreal can exist.

Herein lies the peace of God.
