"A cracking good story that draws you under its spell. The writing style was very descriptive, enabling me to visualise and inhabit both contemporary and prehistoric worlds. I wanted to know what was going to happen so much that I found it hard to put down at night. The story left me wanting more. I can't wait for the next instalment. I am a fan."

Dee Nunan, Oxfordshire

"The story is gripping and I stayed up late into the night reading it. Laurelle is a talented writer with a real gift for storytelling."

Stephanie Hale, Writers' Coach, Oxford

"I love any book that deals with the idea of reincarnation and this book intrigued me. Once I had the threads of the interweaving stories I became addicted to the players in the story and found it hard to put down. I loved the way Seela and Shoni became to be the same person and found myself really waiting for the next 'instalment' in each of their lives. A very good read and I'm looking forward to next one in the series".

Christine Richmond

"Just when I thought I knew how the story might unfold, events took another turn and I was drawn in to an intriguing web that that crossed time. A great read that was both intriguing and haunting."

Richard Alliston, Oxfordshire

"I was totally engrossed from beginning to end as the characters weaved in and out of relationships in the most surprising way. Every twist and turn in this whole new world was fascinating and I loved the breathtaking view of people from days gone by. Having grown to know these amazing

characters intimately, I found myself really caring about them and felt lost when I finished reading. I can't wait for the next book."

Dr Lynda Shaw, Buckinghamshire

"This is a story which seeps into your bones and haunts you for ages afterwards. It's a mesmerising journey into the past from which the future mysteriously emerges."

Janet Britton, Swindon

"The Witch's Necklace should come with a health warning – it stopped me from sleeping because I couldn't put it down. Then it haunted me for months after I'd finished reading it. I can't wait for the next one!"

Melinda Rond-Alliston

"I was one of the first people privileged to read 'The Witches Necklace.' It was one of those books I couldn't put down and when I did, couldn't wait to pick it up again and find out what happened next. I enjoyed the past life – present life connection as I do relate to that idea myself. The central character in the book was one I could believe in and the story I found both a compelling read at the time and very memorable afterwards. That to me is a sign of a really good book. I think this story is different and a very worthwhile read. I can't wait for Laurelle's next book as I love her unique style and ability to get you really involved in the characters and their journey."

Jackie Jarvis, Wallingford

What would you do if you were overtaken by an irrational passion for a man the first time you met him? And how would you feel if you then started dreaming about him in a brutal story of deceit, lust and murder that took place four thousand years ago?

As Shoni tries to run away from her life, she finds herself following a strange red-headed woman who looks just like her. As a result, she digs up a strange necklace and starts to witness the Bronze Age woman's tragic story.

As the distinction between Shoni and the Bronze Age woman become increasingly blurred, Shoni has to rediscover her power of Free Will as she battles with an ancient vow that she should love the same man forever.

Meanwhile, the Bronze Age woman is becoming increasingly desperate. Will her curse finally choke everyone that betrayed her or will Shoni finally be able to unravel time so that she can, at last, choose her own future?
